General Requirements

Part A

The following tasks need to be completed and handed to your NZOIA assessor to mark and sign off.

1. A short written assignment

Assignment: Use your experience and technical skills in leading and instructing in a variety of activities in the outdoors to write about how you reflect on your practice. (Needs to be approximately 250-500 words)

You need to cover the following using examples from your specialist strand(s) to base your assignment on.

- What works well and what you have changed or put into practice that has improved your skills in instructing.
- Statements about your own personal philosophy and how it may differ from your professional philosophy. Also look at your strengths and weakness as an instructor and leader.

2. Risk management plan

One Risk Management Plan for a rock climbing trip – needs to include:

- relevant weather information and interpretation
- trip plan
- emergency plans.

PLEASE NOTE:

This only needs to be completed once if you are seeking recognition in several strands.

Part B

Log Book detailing specific logged hours within at least the last 36 months in area of selected expertise:

See *Verification form* for details required to meet the specific strand requirements.

Attestation Form

This attestation form is signed by NZOIA assessor attesting to your experience, knowledge and skills, and your logged evidence in the Verification form.
